Teak IP Services

## How Can Teak Help?

Teak can help you with all docketing related tasks for trademarks and patents at a fraction of the cost and overhead. Teak can also provide valuable paralegal resources that can help you manage your valuable IP portfolio.

## Docketing On Any Platform

For example, we offer services in any docketing platform, including Anaqua, CPA Global, PATTSY, IP Folio, AppColl, Foundation IP. And, we can help with onboarding and data validation.

## High Quality Service

Teak provides docketing and paralegal support to streamline IP management services and ensure the highest quality. Each deliverable is passed through our robust quality checks to ensure it meets our high quality standards.

## The Teak Difference

- ✓ **30+ Years Of Experience** — Enjoy the attention to detail & sophistication that comes with over 30 years of IP management experience. If you are facing problems, we've been there; and we can help you solve it.
- ✓ **U.S. Attorney Led** — Teak is founded and led by a practicing US IP attorney. We understand the stresses associated with your docket and portfolio. And we design our processes around your needs.
- ✓ **Built On Trust** — Trust is our top priority. Put your mind at ease with open communication and exacting attention to deadlines and the fine details of complex IP deliverables.

## Our Promise

Let Teak do the necessary and tedious tasks so your team can focus on the high-value work that you do best. We can't promise we'll solve all your problems, but we can promise that we will do everything to earn & keep your trust with our high-quality work product.
